

Vision

To support general practice to provide the highest standards of patient care through enhanced practice management and professional development.

Mission Statement

General practitioners working together in order to:

- Position general practice as the cornerstone of primary health care at the local level.
- Promote better health and quality of life outcomes for the community through the development of strategic alliances with other health services.
- Enhance the status of general practice at the local level through the involvement of community groups and consumers in the division's programs.

Values

- Patient welfare
- Professional excellence
- Response to change with leadership
- Respect for others and ourselves
